ICOLD ON THE FRONT LINE FOR DEVELOPMENT

Achieving the 2015 millennium goals is the greatest challenge the world has ever faced. The Millennium Development Goals (MDGs) set by the United Nations in 2000 are a call to action for the world's nations to bring about a better world for all. The world's population is growing rapidly, and there are significant challenges to be met. The world's population is growing rapidly, and there are significant challenges to be met. The world's population is growing rapidly, and there are significant challenges to be met.

The world's population is growing rapidly, and there are significant challenges to be met. The world's population is growing rapidly, and there are significant challenges to be met. The world's population is growing rapidly, and there are significant challenges to be met.
