

Four questions selected for next ICOLD Congress in Vienna

The Congress will take place in Vienna 1-8 July 2018

(Paris, June 14th)

ICOLD General Assembly, during the 84th Annual meeting in Johannesburg, has voted to choose **the four questions on which scientists and engineers from all over the world will work and communicate in Vienna.**

This will be the **26th Congress of ICOLD**. Those Congresses take place every three years and attract the best dam specialists. The attendance for those Congresses is between **1200 and 2000 people**.

The deadlines for submitting a paper or a communication is **8 November 2017**.

According to ICOLD Constitution and By-Laws, papers can be only submitted through one of the ICOLD National Committees.

Find [here](#) (pdf file) the exact wording of the Questions, as adopted by the General Assembly and a general presentation of ICOLD.
